Inform me of jump-off time.

Jumped off at 0800.

How are you progressing?

We are progressing as planned.

How are you progressing? What is your position? Are you receiving any fire and what kind?

We are receiving ey SAF. Our positions approaching Ck Pt 1 Center.

AG's fired 64 rds smoke on road jct W edge of town. (Began 0810-0830)

Receiving ey SAF; our positions approaching Ck Pt 1 Center.

How are you progressing? What is your position? Are you receiving any fire and what kind?

We are progressing slowly; we are receiving SAF and a few rds of mort; we cannot tell where they are coming from.

Entries #9 and 13 to OCA.

10 rds hvy arty fell at 0900; direction not known.

Are you using same type of assault groups you used yesterday. Is the resistance lt, med, or hvy? What is present most advanced position?

Ln O to Fwd CQP. for complete dispositions and their plans and recommendations.

100 yds S from Ck Pt 1 Center; advancing slowly meeting hvy resistance - SAF and mortar.

Entries #15 and 18.

16 P47's over Hatten at 1000 to drop supplies to isolated troops of 315 Inf.

C-48 spotted ey tks, fired 4 rds at tks - believe it was hit, but believe it is still in action.

C-48 spotted ey H/T, fired on it with 76mm and H/T is now on fire.

What is relationship of your tks in regards to Ck Pts? How about plat in N of town?

Entry #21, plus: B-68 and C-68 are moving fwd meeting slight resistance in Eastern edge of Rittershoffen.

When OCA called 68 and unknown sta came in very faintly and told OCA to "go ahead". Unknown sta came in very faintly. Could be ey station trying to get a "fix".

Rear CP Fwd CP	How are things?
Fwd CP Rear CP	Nothing new.
CCA	G-2 of VI Corps reports that ey has captured a number of American tks in the bridgehead area. He may repair these tks and use them with either German or American markings. All personnel will be warned of the use by the ey of American tks. (Signed CO, CCA - 1622 - Armstrong).
Fwd CP	Movement of several tks (not known whether ey or friendly) approx two miles north of Fwd CP.
Rear CP	How are things going?
Fwd CP	All quiet.
Fwd CP	(Via msgr) Arty, it is believed, set an ey ammo dump on fire in Rittershoffen.
Rear CP	(Via msgr) 62 has no info regarding tk movement 2 mi. N. of Rittershoffen.
Fwd CP	(Via msgr) Our rcn has been taken away from us. We're patrolling our road with our rcn plat. Could you run patrol every hour from your Fwd CP to contact A-48 at pillbox just East of your Rear CP to let A-48 know new situation. We are charged with blocking your road in case of break-thru.
48 Tk	(Via msgr) Won't run patrols every hour regularly - too much danger of getting caught by ey patrol or fire. Will run at least six patrols nightly for contact at irregular intervals.
Rear CP	(Via Officer) Information obtained from In O: Reported at Herlesheim-Gambsheim area ey captured one Armd Inf Bn and one Tk Bn. Ey has taken Sessenheim. Ey may do one of two things: (1) Exploit at Sessenheim in an attempt to capture Haguenau (2) Having gained Sessenheim they may try to break thru along line Haffen-Oberrodern-Neiderbetschdorf. We are placing most emphasis on Haguenau area and withdrawing 25 Tk Bn behind 62 Inf and moving into Bischwiller area; also moving in 36th and 103d Inf Div's to Bischwiller area, leaving us with sole defense between Voges Mts and Haguenau Forest plus 315 Inf, 222 Inf (- 25 Tk Bn). All comdrs cautioned to be particularly alert. 19 AB has been C/Atk in Hatten - hand-to-hand battles, but have beaten ey back. RR Sta in Hatten is a strong point. Any info concerning this ey position is not to be discussed over the radio or via telephone, except in case of emergency. (PW reports that all of B-315 forced to surrender completely to ey - B-315 no longer attached to us).
Fwd CP	Ey personnel carriers at (1583430) - 5 volleys for effect - cannot adjust.
Arty Ln 500 AFA	Request fire and 5 volleys fired.
Fwd CP	(Intercept) AC fire harassing fire (6 rds every hr at irregular intervals) until 0500, 20 Jan at (16003423).
Fwd CP	Patrol out at 1830 to West edge of Rittershoffen, attempting to work North (in coordination with diversionary fires by AC and mortar on (158343)).
Fwd CP	Do not have personnel for contact patrol to tks at pillbox, but have observation and can cover the first ridge W of Rittershoffen.

Biv Party - We are moving to assembly area in vicinity of Dettwiller to town of Waldowisheim. Billeting parties to leave soon for Dettwiller and pick up co's as they arrive on the North side of Dettwiller. Co's to be moved one tactical co. at a time and Trains by infiltration to Dauendorf. Have all combat vehicles move up to open area SW side of Kuhlendorf. Troops will move from Rittershoffen on foot beginning at dusk, which is approximately 1715. If visibility is poor, it may be necessary to wait a little later. We will arrange to notify C-315 that we will be infiltrating back thru them. A guide from each co. will be posted on the road between Kuhlendorf and Neiderbetschdorf approx 150 yds S of this rd jct near our Rear CP to pick up the co's, and guide them back to their respective vehicles. Each company will establish liaison with this Hq, informing me as they are ready to leave and I will give them clearance, as we must get clearance from CCB before each co. leaves. Route to new area will be posted by Div MP's from Surbourg to Dettwiller. The order of march for troops in Rittershoffen will be as they are moved out of there by 08 68. Hq Co will be the last unit out in order that 81mm mort. and AG's may provide protective fires while we withdraw from Kuhlendorf. Protective fires will be on call until the evacuation of Rittershoffen is complete. Route of March: Kuhlendorf, Hohwiller, S at Soultz-sous-Forêts, Surbourg (picked up by MP's) Gunstett, Forstheim, Griesbach, Meitersheim, Bitschhoffen, Neidermodern, Schalkendorf, Sueswiller, Ringendorf, Lixhouse, Zoehersdorf, Scherlenheim, Willwisheim, Dettwiller (picked up by guides at N edge of town). Absolutely no equipment of any kind or description to be left behind for the ey. I will make available H/T's from here to shuttle back any equipment which it is impossible to carry out. Suggest pulling of troops out from S of Rittershoffen and West thru lines of C-315. We revert to 14 AD control when troops close in at Kuhlendorf, and revert to CCB.
